WAR-TIME BLACK-OUT EXERCISE

A.R.P. PERSONNEL CALLED OUT

The Colony's second large scale black-out exercise under war-time conditions was carried out with success yesterday when all A. R. P. personnel, including the military and medical units, were called out.

THREE PERIODS

The black-out periods last night were as follows:—
9.15 to 9.45; 10.19 to 10.26;
11.07 to 11.17, a total of 47 minutes.

Observations were taken from the air of the effect of the exercise and it is understood that the authorities are satisfied with the result.

Activity in the Central district ceased well before six o'clock yesterday evening with all business workers anxious to get home before black-out time, which was at sunset.

The business centre of the Colony was like a dead city long before buses and trams and other vehicular traffic started to feel their way along the dark streets with dimmed headlights and hardly any interior lighting.

In spite of the inconvenience, however, workmen at the A. R. P. shelters continued throughout the night. Lighting near the tunnels was also restricted.

In the Wanchai district the black-out was also satisfactory but there were, as usual, a large number of onlookers in Gloucester Road along the waterfront.

TWO TRAFFIC MISHAPS

Lorry Crashes Into Safety Island

Swerving to avoid a pedestrian, five minutes before the raiders' passed signal at 10.10 last night motor lorry No. 1879, belonging to the Luen Hing Transportation Co., crashed into the "safety island" at the junction of Hennessy Road and Percival Street.

The lorry was completely wrecked as it mounted the island, the front part being smashed in from the front mud-guard to the engines, but fortunately the driver escaped unhurt.

Trams travelling eastward were held up for a while until the lorry was removed from the tramlines.

WOMEN INJURED

Two young women were knocked down by a public vehicle in King's Road shortly after 7 p.m. yesterday. The car, driven by a Chinese

ROOSEVELT ASKS FOR SUPPORT FOR REAL FIGHT FOR PEACE

NEW YORK, Oct. 29 (Reuter)—PRESIDENT ROOSEVELT, speaking at a Democratic rally at Madison Square, devoted most of his speech to domestic politics, violently attacking his Republican opponents for their alleged equivocal attitude in regards to helping Britain and "falsifications" regarding the United States' relations with the rest of the world, and the building up of the defence forces.

The President declared that the one keynote of American policy is recognition of the rights of small nations to survive and prosper.

He asked for support for an affirmative realistic fight for peace. "The alternative is to risk the future of the country in the hands of those with a record for timidity, weakness and shortsightedness. We guard against the forces of anti-Christian aggression which may attack us from without by force."

"Our navy is at the peak of efficiency and fighting strength. Ship for ship, man for man, it is as powerful and efficient as any that ever sailed the seas in the history of the world."

"Our army and air force are now at the highest level than they have ever been in peace-time but, in the light of existing dangers, they are not great enough for the absolute safety of America."

BIG CONCENTRATION OF U-BOATS IN ATLANTIC: 32 BRITISH SHIPS SUNK

LONDON, Oct. 29 (Reuter)—A big concentration of U-boats in a certain area of the Atlantic scored a five-day success against the British mercantile marine.

This is the authoritative explanation of the loss of 32 ships, totalling 149,528 tons, of merchant shipping during the week ending Oct. 20-21—the heaviest loss in any one week of the war except during the evacuation of Dunkirk.

Extra measures and precautions were since taken and convoys have recently arrived in Britain without being attacked, suggesting that the U-boat successes were exceptional in the period concerned.

In announcing the losses, the Admiralty also states that the total British, Allied and neutral losses for the same period were 46 vessels, totalling 198,030 tons.

FOR RAIDING WORK IN THE PACIFIC

SHANGHAI, Oct. 29 (Reuter)—The N.D.L. liner Scharnhorst which took refuge in Kobe harbour following the outbreak of war last year, is being groomed for raiding work in the Pacific Ocean, according to reliable reports received here today from Kobe, states the SHANGHAI EVENING POST.

An arrival from Kobe revealed that during the past few months, several big guns have been placed aboard the Scharnhorst, while further changes, also noticed, are being made to the vessel's "lines" and paintwork.

It is expected that the Scharnhorst will shortly put to sea to carry out raiding work.

Germans Have No Control Of Air

CALM LONDON PEOPLE

Mr. Ralph Ingersol, an American journalist, broadcast from London on Monday night about his impressions of the Battle of Britain. He said that there were three questions which were uppermost in his mind and which he sought to answer.

The first was, "How thoroughly do the Germans control the air?"

Answering this question, Mr. Ingersol said, "They have no control at all. Neither by day nor by night have the raiders a moment's peace from the Royal Air Force and from the anti-aircraft fire."

The second question was, "To what extent are the raids crippling production?"

NO SLOWING DOWN

Mr. Ingersol's answer was that the Germans have not succeeded in slowing down British production. As far as censorship was concerned, it was most fair-minded.

The third question was, "How are the non-combatants in London standing up to the hazardous bombing night after night?"

Mr. Ingersol answered this question by saying, "There are no words to describe the amazing way in which this city is accommodating itself to the realities of aerial siege. The people seem to take it all so calmly and even joked about it among themselves. It makes one proud to be a member of the human race."

GREEK FORCES NOW FACING ITALIAN ALPINE DIVISIONS: STILL NO CLEAR DETAILS OF COURSE OF THE FIGHTING

The Italian advance in Greece is continuing, according to a communique issued yesterday morning, which announces that the Italian troops crossed the Greek frontier at dawn on Monday and penetrated into Greek territory at various points, reports Reuter from Rome.

A MESSAGE FROM LONDON LAST NIGHT STATED THAT THE GREEKS ARE NOW FACING ITALIAN ALPINE DIVISIONS BUT THERE ARE STILL NO CLEAR DETAILS OF THE COURSE OF THE FIGHTING.

Greek troops yesterday morning were still putting up resistance in the mountainous passes of the frontier, according to a message from London last night, and there is no sign that the main offensive which the Italians said would begin at dawn had met with any spectacular success.

An Italian communique speaks of adverse weather conditions.

A message from Athens yesterday stated that among the demands made by the Italians was one for the occupation of the islands of Corfu and Crete and the district of Epirus in North-West Greece.

There is a mass of unconfirmed reports one of which speaks of a

LAVAL FIRST PROPOSED FRENCH PARTICIPATION IN WAR AGAINST BRITAIN

ZURICH, Oct. 29 (REUTER)—THE AXIS ATTEMPT TO GAIN CONTROL OF THE FRENCH FLEET IS STILL A CONSIDERATION WHICH MUST BE TAKEN INTO ACCOUNT, according to well-informed political circles here. They say that M. Laval first proposed French participation in the war against Britain at a Cabinet meeting soon after the Dakar incident, and renewed the proposal after the meeting between Herr Hitler and Signor Mussolini on the Brenner Pass.

The battleships Jean Bart, which are under construction at a northern French port, the Richelieu, which is stationed at Dakar, and other warships, including 80 submarines, were to be made available as soon as possible for use against Britain.

Regarding the army, the French Foreign Legion and Colonial troops in Syria, estimated at 50,000, were to co-operate with Italy either against Egypt or other allied bases in Africa.

WERE REJECTED

It is understood that M. Laval's proposals on both occasions received the support of M. Baudouin and Admiral Darlan, but were rejected by the majority of the Cabinet under the leadership of Marshal Petain and General Weygand who maintained that acceptance would only drive the Colonies into the arms of General de Gaulle.

The Franco-German negotiations then re-opened on a new basis which, these quarters believe, excludes French military participation in war but does not exclude the delivery of the Fleet into Axis hands.

It is clear, these circles state, that the new German proposals contained far-reaching concessions, and this has aroused speculation whether Germany, in anxiety to obtain French consent, had given full consideration to Italy's aspirations regarding Tunis, Corsica, and Savoy.

Thus, it is regarded as possible that the meeting between Herr Hitler and Signor Mussolini in Florence was a German desire to persuade Italy of the necessity for concessions to France if a European new order is to be established, and England to be faced with a new peace ultimatum.

Ciano-Laval Meeting In Few Days

MUSSOLINI AND PETAIN

Count Ciano, Italian Foreign Minister, is expected to open negotiations with M. Laval in a few days, and the outcome of this will be a meeting between Signor Mussolini and Marshal Petain, says a London message.

Herr Hitler is stated to have obtained Mussolini's agreement with regard to the settlement of France.

The German Fuehrer is now on his way back home after his talk with Il Duce.

The German News Agency states that it has no information on the scope of the conversations involved.

DISAPPOINTMENT

A French communique which was issued on the Hitler-Petain talks has caused great disappointment because of its vagueness.

A Swiss correspondent quotes the German Foreign Office as saying that the French communique has no importance in its bearing on Hitler's diplomatic move.

A message from Washington states that the United States has made further representations to France "about the use of the French Navy."

Yugoslav Solidarity With Greece

LONDON, Oct. 29 (Reuter)—The feeling of complete solidarity with Greece among the Yugoslav public contrasts vividly with the reserve in official quarters which are bound to be wary of the Axis.

Public opinion universally applauds the Greek decision to fight.

It is significant that the arrival of war in the Balkans has caused exhilaration rather than fear in Belgrade where faces are brighter than for many days past.

Officials content themselves with reiterating Yugoslavia's neutrality which they hope will be respected.

TODAY'S WAR SUMMARY

THERE IS NO INFORMATION REGARDING the attitude of Germany or Russia towards Italy's new move and there is little definite news regarding the course of the Italy-Greece war. Britain is giving military assistance in the widest sense of the term. Help from the Royal Navy has already begun according to the First Lord of the Admiralty.

GERMAN SHIPYARDS WERE THE MAIN OBJECTIVES of Royal Air Force bombers on Monday night. In addition, fires were started in oil plants at Hamburg, Cologne and Hamburg.

A LARGE CONCENTRATION OF U-BOATS in a certain Atlantic area is said to be responsible for the loss of 32 British ships in a week. From Shanghai comes a report that the N.D.L. liner Scharnhorst is being transformed for work as a raider in the Pacific.

IN A DEMOCRATIC RALLY SPEECH, President Roosevelt said that in the light of existing dangers the U.S. army and airforce were not great enough for the absolute safety of America.

ENEMY AIR ACTIVITY ON MONDAY NIGHT over Britain was spread over a number of districts and again the attacks were mainly directed against the London area.

SOCCER REVIEW

South China Definitely Better Team Against Sing Tao Rivals

First Points For Police: Kwong Wah Again Lose

BY "PILAT"

The smoke has cleared from Caroline Hill where the "giants of the League" staged their battle for the crown of "King Soccer" on Sunday.

I hope readers will forgive me if I appear too dramatic in referring to the keenly-awaited football match between South China, champions, and Sing Tao, their strongest rivals.

The biggest crowd for many a season saw an interesting game of soccer. The standard, though, was not quite up to what had been expected.

The game was clearly contested throughout though there were one or two fouls, but these were through the excitement of the moment.

Sing Tao took the field slight favourites but the champions were definitely the better side and, if Lee Wai-tong had better luck with his shot in the second half, when Cheung Wing-chol was on the ground, South China would have certainly won, as Sing Tao were showing signs of cracking up at that stage.

Owing to the absence of Lai Shiu-wing, Sing Tao had to reshuffle their attack. Tsui Ah-lai was a failure at centre-forward and it is hard to understand why Kwok Ying-ki, who led the attack previously with success, was not given the task in this vital game. Kwok, however, was his usual resourceful self at inside-right and scored both his side's goals.

TACTICAL ERROR

Another error in tactics made by Sing Tao was in concentrating too much of their attention on Lee Wai-tong as a result of which Lee Tak-kee was allowed a lot of room to manoeuvre of which he took full advantage. His second goal was a "beauty." Taking a pass from the kick-off he cut right through the defence in a solo

effort.

Kwong Wah are apparently having difficulties with their line-up and changes are being constantly made. The halves were very weak and could not cope with the Police attack as the result of which much work was thrown on the backs.

Remedios and Chung Fai-lum, who gave a good account of themselves. The electricians will have to wake up as they have so far gained only one point from five games.

POLICE IMPROVE

Police earned their first outright victory at the expense of Kwong Wah on Sunday, showing some improvement in combination especially among the forwards. They, however, still lacked a good marksman, Lau Pak-hung, being home too accurate with his shooting, while Howlett, though a great schemer, could not be called a "sharpshooter" in any sense.

As expected Navy and Royal Scots had a great struggle at Causeway Bay and no less than ten goals were scored during the course of the game.

Duncan, Scots' custodian, was off form for the first time this season (as far as I can remember) and was faulty in his handling. The long swing passing game of the Navy spread out the Scots' defence, leaving a wide berth for Hendy, Navy's leader, who notched another four goals to be the leading scorer in the senior League.

EASTERN SCORE SIX

Eastern took no chances when they met Club on the latter's ground on Saturday and ran out winners by six goals to two. Eastern tried a new centre-forward in Yu Hop-hing who had more success than Cheung Kam-hoi. The front line, however, had not the polish which was shown in their opening game and this department will have to be considerably strengthened if they hope to extend South China on Saturday.

Club, like the previous week, could not maintain the pace set by the Chinese and cracked up in the latter stages. Veteran Syd Strange was the mainstay of the defence and did sterling work in blocking the Chinese forwards.

SAINTS GO DOWN

Playing without their regular custodian, Sammy Tsang, who is on the injured list, St. Joseph's went down to Middlesex 3-0 on Saturday.

The game was of a rather ragged nature and both teams lost many scoring opportunities owing to poor finishes on the part of the forwards. The "Diehards" showed better combination in their approach work but the Saints found the Middle's first line of defence hard to penetrate and, consequently, their attacks nearly always fizzled out in midfield.

CHESS RESULTS

Matches played in the Junior championship of the Kowloon Chess Club yesterday resulted as follows:—

A. Benjamin beat J. Walther; J. H. D'Almeida beat D. Drake; S. Benjamin beat C. Lee; V. V. Kolatchoff beat F. A. Fabel.

BIG SOCCER MATCH ON SATURDAY

CROWD ADVISED TO ATTEND EARLY

The question of overcrowding on the South China A.A. ground at Sunday's soccer match between the home team and the Sing Tao Sports Club, as well as the ticket-ramp, were the subject of an interview yesterday with Mr. Walter Hamming, Chen, honorary general secretary of the S.C.A.A.

Stating that these two evils were matters on which he had been waging war for some time past, Mr. Chen said that both he and his colleagues in the S.C.A.A. appreciated the criticism which has been levelled against them and they deplored the state of affairs which existed on the Caroline Hill ground on Sunday afternoon.

Every effort was made to control the crowd, all available police were called from No. 2 Police Station, and the Emergency Squad was invited to give its aid, but all was in vain.

GATES BROKEN

"Three of our gates (including an iron one) were broken by a section of the crowd and our fence was torn to pieces in no fewer than half a dozen places," asserted Mr. Chen. Thus, hundreds were able to obtain free entry.

It was utterly impossible to check tickets after the public had entered the ground or to eject those who did not possess tickets because, once the gates were opened, crowds outside attempted to surge inside.

"We are paying especial attention to the ticket ramp question and the matter is to be discussed at an emergency council meeting of the S.C.A.A." Mr. Chen went on and he added that he hoped to make a statement in a day or two.

"Meanwhile," he concluded, "I can promise that every effort will be made to see that arrangements for next Saturday's S.C.A.A.-Eastern game at Caroline Hill are better than those which prevailed on Sunday. This match will start at 4.30 p.m. and there will be a game at 3 p.m. in which our second team will be engaged. I should therefore urge the public to come as early as possible in order to ensure seats. This is a big game and it is almost certain that it will attract a very large crowd."

REFEREES' TEAM

At a Committee meeting of the Hongkong Football Referees' Association held yesterday evening at Hotel Cecil, with Mr. H. A. Beard in the chair, the following were chosen to represent the Referees in their annual match against the Press, on Nov. 11 at 2.15 p.m. on the Club ground:—

CHINESE CLAIM

SUCCESSES IN SOUTH KWANGSI

LIUCHOW, Oct. 29 (Central).—
Sweeping successes have been
scored by the Chinese in their
general offensive in south Kwang-
si.

Lungchow, important communi-
cation centre on the Kwangsi-
French Indo-China border, was
recaptured at 5.30 a.m. on Sunday
by a Chinese column, while an-
other Chinese column took Ming-
kiang, southwest of Lungchow.
Gullu on the Ussu River was also
regained at noon.

On the Pingyang-Nannag high-
way the Chinese re-occupied San-
tang, Chinying and Tatowling.
Japanese aircraft dumped tons of
explosives upon the Chinese, and
Japanese reinforcements launched
counter-attacks at Kanhu, Yiling
and Tenghsiang, but failed to
check the Chinese onrush.

WEIGHT OF ITALIAN ATTACK AGAINST FLORINA

Athens Has 50-Minute Alarm: Kotur Stated To Be In Enemy Hands

LONDON, Oct. 29 (Reuter)—Greek and Italian forces are now engaged in a battle by land, sea and air following the Italian attack at dawn yesterday.

Greek determination to resist has been shown by many popular demonstrations, carried out even during air raids, and by the Greek Government's statement that it has full confidence in Britain's response to an appeal for certain aid.

The authorities have issued instructions to organise A.R.P. and food and water supplies and say that there are ample supplies of food. Hoarding is forbidden.

The main weight of the Italian attack appears directed against Florina, near the principal pass leading out of the Albanian mountains.

Greek troops are resisting stubbornly all along the line and have even advanced at one point into Albania.

The Italians also appear to be making a second thrust towards Epirus.

Italian troops in Albania, about 180,000, are equipped with 250 tanks.

HUGE CONCENTRATION

The Italians have now in Albania ten or eleven divisions and some auxiliary troops numbering 200,000, altogether, Reuter learns in authoritative quarters in London.

Foodstuffs and communications have been prepared in order to avoid reliance on sea communications and it is known that there has been considerable road construction near the frontier in readiness for an advance.

The biggest concentration of troops is at Argyrocastro and the second largest at Koritza.

DOUBLE ADVANCE?

It would, therefore, appear that the Italians are planning a double advance, the first along a line parallel to the coast and to the west of Janina with that town as the main objective, and the second from Koritza towards Salonika.

The Janina route offers few natural difficulties and it is believed will be less strongly defended, whereas the advance from Koritza would encounter mountain barriers and the Greek Army's main defence line.

On the other hand it would constitute a more formidable threat to Greece. The Greek land army is a competent fighting force and likely to give a good account of itself, but it suffers from a shortage of modern equipment while the Greek air force is weak in numbers.

KOTUR CAPTURED

A message from New York says that it is reported from Belgrade that the Italians have captured Kotur, six miles within Greece. The second air raid alarm was sounded in Athens at 2.10 p.m. lasting 50 minutes.

Anti-aircraft guns went into action.

FOR THE 1 MAN IN 7 WHO SHAVES EVERY DAY

A Special Shave Cream—It's Not a Soap, Needs No Brush!

Daily shaving leaves many men's faces raw and sensitive. Yet, because of his business and social status, one out of every 7 men must shave every day.

To meet this condition, Williams has now developed GLIDER—a special cream for daily shavers. With no soap base, it's a complete departure from ordinary shave creams. No brush. No lather. Not sticky or greasy.

A superabundance of moisture is contained in this rich cream. It won't dry on your face. Applied with the fingers, it quickly softens each whisker. A protective layer is formed over which your razor glides. Off comes each hair at the base without scraping. Like a cold cream, Glider helps keep your skin smooth all day. Glider is the result of nearly 100 years' experience in making fine shaving preparations.

King George VI of Greece

KING'S MESSAGE TO COUSIN

LONDON, Oct. 29 (Reuter)—A message from King George VI to the "Greek nation and my cousin George, King of Hellenes," says:

"There are doubtless hard trials to be borne but we shall both meet them in firm faith of ultimate victory. We may hope, indeed, that we are already near the turn of the tide when the power of the aggressor will begin to ebb and our own growing might will prevail."

U.S. NEUTRALITY ACT APPLIED TO GREECE

WASHINGTON, Oct. 29 (Reuter)—The United States is applying the Neutrality Act to Greece.

President Roosevelt reached New York on his way from New York to Washington yesterday and is reported to have had telephone discussions with Mr. Cordell Hull, the Secretary of the Treasury and the Attorney General.

The President was to make two speeches last night and his secretary, Mr. Stephen Early, said his plans would have to depend on whether he could get by air from Washington the necessary papers to sign to apply the Neutrality Act to Greece, freezing her credits and cash in the United States.

Mr. Cordell Hull is understood to have been instructed to draft the necessary orders.

Turkey At War With Italy?

LONDON, Oct. 29 (Reuter)—On inquiry at the Turkish Embassy here, Reuter was informed that no information has been received regarding a report circulating to the effect that Turkey and Italy are at war.

It was officially stated in Athens that General Metaxas, the Greek Premier, had a 15-minute telephone talk with the Turkish President yesterday, and also received the British, Yugoslav and Turkish Ministers in Athens.

BRITISH G.O.C.
LONDON, Oct. 29 (Reuter)—The Chief of Staff of the British G.O.C., Middle East, Major-General A. F. Smith, was due to arrive in Ankara, Turkey, by air yesterday.

Major-General Smith is to have conversations with the Deputy Chief of the Turkish General Staff.

LIMITED ENEMY AIR ACTIVITY

LONDON, Oct. 29 (Reuter)—Enemy air activity over Great Britain yesterday was on a very limited scale, a few bombs being dropped at scattered points in East Anglia and south-east England.

Casualties appear to be very few, states an Air Ministry communication, and very little damage has been done.

CHINESE SCORE SUCCESSES ON MANY FRONTS

CHUNGKING, Oct. 29 (Central)—Communication on the Peiping-Hankow Railway was disrupted some days ago as a result of the destruction of a section of tracks in the vicinity of the Hwayuan Station in northern Hupeh by Chinese guerrilla raiders.

Chinese troops in northern Honan on Oct. 24 launched another attack on the Japanese garrison of Tsinyang. A Japanese unit of about 100 men at a village northwest of the city was reported to have been surrounded and wiped out.

In southern Shansi, the Chinese are said to be advancing on Hsiangshih, 12 miles south of Weihsai at the foot of the Chungting Mountain range. On Oct. 21, a Japanese column, equipped with six field pieces and eight armoured cars, raided Chinese positions northeast of Kungshien, in southern Shansi.

The attackers met with stiff Chinese resistance. After an all-day engagement, the Japanese were thrown back with more than 100 casualties.

P.P. COUNCILLORS CANNOT HOLD CONCURRENT POSTS

CHUNGKING, Oct. 29 (Central)—Members of the People's Political Council are not permitted to hold concurrent posts, according to a ruling issued by the Standing Committee of the Central Executive Committee yesterday.

Members of the Provisional Provincial or Municipal Assemblies who are elected to the People's Political Council have to make a choice between the two posts, the ruling stated.

A circular telegram to the above effect has been issued by the Executive Yuan to all the provinces and municipalities.

FEES CHARGED FOR PASSES TO NANTAO

CHUNGKING, Oct. 29 (Central)—The Japanese-sponsored Nantao police bureau in Shanghai is making a profit through the issue of passes required by the Japanese in the present state of emergency.

The charge for each pass is for one or two dollars.

R.A.F. TO PARTICIPATE IN BATTLE FOR GREECE

LONDON, Oct. 29 (Reuter)—The planes and men sent by air and sea recently to reinforce the R.A.F. in the Middle East should not be long in joining battle with the Italians to protect Greece.

While the Italian threat to Egypt was the major motive for the increase of the R.A.F. there, Italy's latest move was clearly foreseen at the time.

The fact remains that the R.A.F. is now faced with the beginning of its sternest task—forestalling, with the British Navy and Army, the Axis drive to the east and the oil that Hitler and Mussolini need so badly.

The necessity to prevent dispersal of effort which could be used to better effect elsewhere must limit the extent of the immediate help that can be given Greece in the air. All that can possibly be done at once will be done.

The British Navy is almost certain to be the first to answer Greece's call for "certain assistance" and with it will move the Fleet Air Arm.

The Greek air force, modelled on the R.A.F. and equipped with British and French planes, is sturdy but desperately small.

British fighters have gone to the Near East in a steady stream for some time and heavy bombers could operate from Alexandria, Haifa or Cyprus. But the offensive, like the defensive, power of the R.A.F. fighting with the Greek Air Force, will be immeasurably improved by the use of landing grounds in Greece from which medium bombers and fighters could operate against the invader at shorter range.

ITALIAN ENVOY DID NOT KNOW!

FASCIST DEMAND TO GREECE

LONDON, Oct. 29 (Reuter)—When the Italian Minister presented the ultimatum yesterday calling on the Greeks to allow the Fascists to occupy "certain strategic points," General Metaxas asked what these points were and the Italian Minister replied that he did not know!

General Metaxas then said the Italian Note represented an ultimatum which the Greek Government took as a declaration of war.

The order for general mobilisation and the sending of an appeal to Britain were among the first steps taken.

JAPANESE TROOPS ANNIHILATED

CHUNGKING, Oct. 29 (Central)—The Japanese troops in south Honan has started a new offensive toward the western slope of the Taphen Mountain Range, according to reports from Honan.

One Japanese column is pushing from Wulien, west of Sinyang, toward Loshan, further west. A second column is advancing from Wulien to Yelow while a third column is attacking Chutangtun. They are all encountering stiff Chinese resistance.

In north Honan Chinese troops drove westward along the Taokou-Chinghua Railway on October 21. They broke into the Japanese occupied coal mines at Tlatso and Lifeng the following morning. Japanese troops guarding the mines were annihilated.

Japanese gunboats anchored in the Yangtze River at Yoyang in north Hunan shelled the Chinese positions at Lushihwan and Chungshan across the river on October 26. Chinese batteries fired back.

COMMUNICATIONS MINISTER TOURS N.W. PROVINCES

LANCHOW, Oct. 29 (Central)—Mr. Chang Kia-ngau, Minister of Communications, who is now on a tour of inspection in the Northwest, arrived in Lanchow yesterday. He was accorded an enthusiastic welcome by the local authorities.

Mr. Chang is expected to return to Lanchow tomorrow.

KUNMING RAIDED

KUNMING, Oct. 29 (Central)—Thirteen Japanese planes raided Kunming yesterday morning, dumping bombs in the suburbs. About twenty civilians were killed and wounded and over ten houses demolished.

R.A.F. Bomb Skoda Works

HEAVY BOMBS FIND THEIR MARK

LONDON, Oct. 29 (Reuter)—The first R.A.F. bombing raid on the Skoda Works at Pilsen, Czechoslovakia, ended in the early morning yesterday, which is the 22nd anniversary of the founding of the Czechoslovakian state.

The Works are one of the three biggest armament factories in the world, covering 400 acres and employing 50,000 workers. It fell into German hands at the time of the occupation in March, 1939.

When the raiders were near the target after a 750-mile flight from the English coast, visibility was so bad that they spent an hour searching for it before the great plant was seen silhouetted against the snow-covered ground.

FIRES, EXPLOSIONS

Fierce fires and explosions followed the attacks, says the Air Ministry, and a pilot who made three separate runs, bombing by the light of flares dropped by other aircraft, reported that all his heavy bombs found their mark. These were quickly followed by incendiary bombs which set fire to the damaged buildings.

This is one of the most ambitious bombing raids carried out by the R.A.F., who prepared for such long distance flights with leaflet-raids into Czech-Slovakia and Austria in the early days of the war.

HITLER-MUSSOLINI CONFERENCE

LONDON, Oct. 29 (Reuter)—Hitler, after his meeting with Mussolini, left Florence for Germany at 8 o'clock last evening.

According to a New York message quoting Florence, reports the Hitler-Mussolini conference dealt with an agreement by which Italy would reduce her territorial demands on France in exchange for use of French warships against Britain.

pendent adds that General De Gaulle has achieved considerable popularity and that the desire of Frenchmen for revenge and hatred for Italy makes her long for failure in the Italian campaign.

ENLIGHTENING TALK ON
"INDUSTRIAL FATIGUE"Prof. Winifred Cullis At
Rotary Club Tiffin

Hongkong Rotarians listened to a very enlightening talk on "Industrial Fatigue" at their weekly tiffin meeting yesterday when the speaker and guest of honour was Prof. Winifred Cullis, C.B.E., M.A., D.Sc., perhaps the first woman to address the local Rotary Club except on Ladies' Day.

Before calling upon the speaker, Dr. Arthur Woo, president, announced the return to the Colony of four members who were present. They were Rotarian Dean J. R. Wilson, who has just come back from Australia, Rotarians T. B. Wilson and J. W. Clague, both of whom recently returned from Shanghai and Rotarian R. F. Morris, who is just back from a three months' sojourn in America.

All of them had a few words to say. Dean Wilson referred to the great help the Sydney Rotary Club had rendered to evacuees from Hongkong, especially in the care extended to certain individual cases.

He brought back, with the compliments of the Sydney Rotary Club, an illuminated "Code of Ethics."

UNEXPECTED PRIVILEGE

Saying that, although she had addressed Rotary gatherings in London she did not expect to have the same privilege out here, Prof. Cullis explained her reason for the talking on the subject she had chosen. She said it was a branch of the very work in which she has been interested since the last war.

Fatigue is very difficult to define, she said. We may all know we are tired but do we know what it is? Tests of fatigue are all performance tests which cannot be carried out without the help of the subject under test.

Prof. Cullis then went on to describe the "spot dotting" test. A white card with black spots dotted on it was fixed to a clockwork motor and made to oscillate at an increasing speed while the person under test was made to dot the spots with a pencil, the speed at which the individual failed to correctly mark the spots registering the amount of fatigue.

REVIVAL PERIOD

Fatigue increases with the progress of the working day, and so also as the week goes on, the week-end break providing an excellent revival period, just as the night gives rest for the next day's labour.

Explaining that by scientific research definite data had been obtained on physical fatigue, Prof. Cullis went on to show how the working muscle secreted a certain amount of lactic acid with each contraction, which acid tended to number the active power of the muscle.

For instance after 30 such muscle contractions two hours rest were needed while after 18 contractions a much shorter period of rest was necessary, so that proper rest periods provided for better work. With two seconds of rest in every ten of work, the system could go on working all day, but you can't do that, she added.

EFFECTS OF LIGHTING

Referring to the effects of lighting on fatigue, Prof. Cullis said that experiment carried out had proved that poor light reduced production and that correct lighting was very important for industrial efficiency.

The movements of the individual worker and the arrangement of the articles also played an important part in production, and good feeding, of course, did much towards improving the working capacity of the individual.

The vote of thanks to the speaker was proposed by Rotarian R. Robertson, Vice-President of the Club.

CLAIM FOR
COMMISSION

Mr. Frank W. White, general broker, brought a claim against N. F. C. Lomborg, of Messrs. Mutual Trading Co., a white ant exterminator firm, of Exchange Building, before Mr. Justice Williams at the Summary Court yesterday. The claim was for \$300, being "commission due" to the plaintiff.

Mr. H. N. Chau appeared for plaintiff, while Mr. W. M. Brown was for the defendant.

Mr. Chau said that on or about February 15, the defendant verbally instructed the plaintiff to introduce business to his firm and agreed to pay a commission of 25 per cent.

Evidence was given by the plaintiff.

Cross-examined, Mr. White denied that the defendant had been helping him nor had he ever borrowed a cent from the defendant.

Hearing was adjourned to Thursday.

BE EVEN MORE

Mr. G. Miskin presided at the seventh annual meeting of the Street Sleepers' Shelter Society held at St. John's Cathedral Hall yesterday.

Among those present were Miss R. Mow Fung (Secretary), Mr. S. Grove (Treasurer), Very Rev. J. L. Wilson, Rev. N. V. Halward, Rev. Lee Kau-yan, Miss Phyllis Harrop, Dr. Arthur Woo, Dr. M. R. Deb, and Messrs. W. R. Mansfield and E. M. Raymond.

Presenting the Report for the past year, the Chairman said he regretted that, since the last meeting, the Society lost the services of Hon. Sir Henry Pollock, Miss Atkins, Miss H. A. Corney, and Messrs. Grenham, Hill, and Verhall. He welcomed Mrs. Murdoch, Miss Williamson, Mrs. Booker, Mr. Mansfield and Mr. Raymond.

ONLY ONE SHELTER

Continuing, Mr. Miskin said that due to circumstances over which the Society had no control they were reduced, during the winter of 1939/40, to only one shelter at St. Peter's Church. The total number accommodated there during the period was 21,906, or an average of 180 per night.

Negotiations for sites in Yau-mat and Wanchai areas are progressing, and the Government departments concerned are giving every assistance. Our ultimate object is to have permanent buildings of our own, and when Government can give its sites. Each of the two new buildings is estimated to cost \$3,500 or \$7,000 in all, and will each accommodate 200 persons. We therefore hope to collect \$7,000 during the next few weeks, in order to meet this very necessary expenditure, without encroaching on our existing fund of around \$5,700, which is required to secure current expenses and any emergencies which may arise.

The comfort which these shelters give to the very poor is self-evident to any one who has visited them at night.

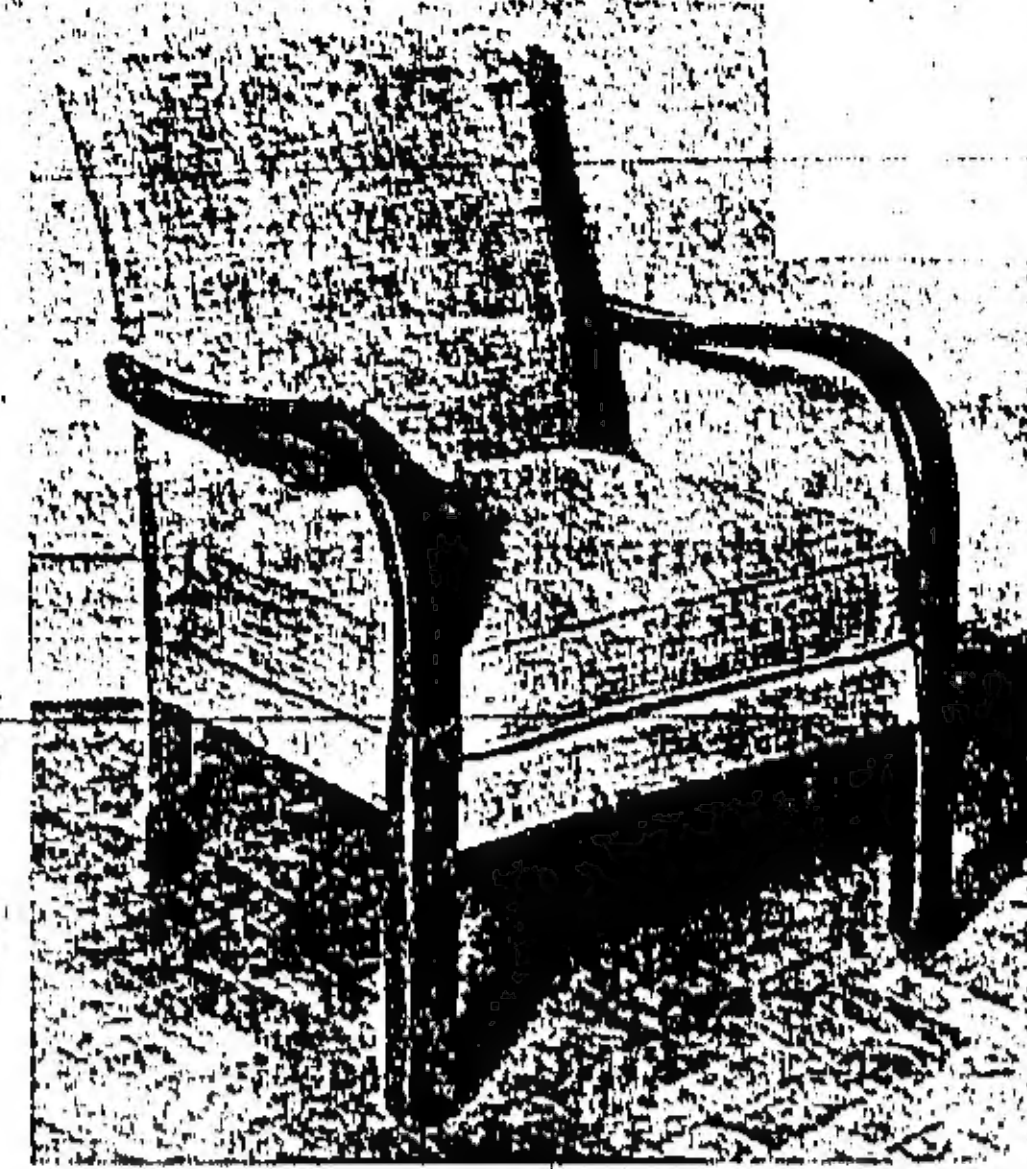

This winter the streets will be more congested than ever and our help proportionately more necessary. I appeal very urgently for donations towards the cost of the two new shelters.

After the adoption of the Report and Accounts had been seconded by Mr. W. R. Mansfield, a suggestion that a charge of three cents per night be made was put to the meeting and defeated.

JUNK ATTACKED
BY JAPANESE

Leung Shing, master of a junk, has reported to the Police that about 3 a.m. on Monday while about one-third of a mile from Lintin Island, his craft was attacked by a Japanese motorboat. The Japanese dumped the cargo of seagrass overboard.

Sit down and take notice. Lean back and give thanks. Let Parker-Knoll convince you that energy is mostly misdirected, and that the making of resolutions, however solemn, is merely a parlour game. Let it prove to you that amid all the injustices and disturbances of the present day, you at least can divert to yourself and remain sublimely undisturbed. Let it reveal to you the indescribable advantages of horizontal springing to those who lead a largely vertical life. Yes, you'll be thankful you chose a Parker-Knoll—but make quite sure it is a Parker-Knoll. Make quite sure of that...

Uncertainty
In ShanghaiU.S. EVACUATION
PLANS

In a city buzzing with rumour and guess-work about American evacuation scheme and alarm at the reported price of passage, the facts as they stand at the moment were definitely ascertained from the officials in Shanghai who are in charge of evacuation plans, reports the North China Daily News.

ONLY ONE CLASS

Fares for the Monterey and Mariposa have been fixed at U.S.\$395 from Shanghai to the Pacific Coast while the journey in the Washington will cost U.S.\$450. As far as fares are concerned there will be only one class, but those who must sleep on cots will be charged U.S. \$50 less than the standard fare. These prices were quoted yesterday by an official of the American President Lines which is acting as agent for the three evacuation ships. These are the fares set by the owners of the ships, the Matson Line and the United States Line.

What arrangements will be made for the many Americans unable to pay the full fare is not yet known. Both collectively and individually, Americans in the Far East have been sending messages to Washington asking that something be done about the fares.

NO INDICATION

The committees of the American Association and the U.S. Chamber of Commerce here have also been active in this direction but as yet, according to a Consular official, no indication of the Government's intentions has been received here, with regard to the financing of those unable to pay for their own evacuation.

The Consular official anticipated that some arrangement would be made as was done in 1937, when funds were provided to send Americans to Manila and even to send some to the United States. He added that in evacuating Americans from Europe recently, the government had not allowed financial embarrassment to bar evacuation, taking many passengers who were unable to pay any part of their fares.

THE INVASION OF GREECE

THE INVASION of Greece by Italian forces on Monday morning has not come entirely as a surprise to the world. Some such move by the Axis Powers was expected following Herr Hitler's realisation that his long-promised attack on England was doomed to failure and the consequent necessity of making a thrust elsewhere in Europe to retain his prestige with his people. The diplomatic manoeuvring of the past few days evidently led the dictators to the conclusion that the most advantageous step to take would be through south-east Europe, where Nazi and Fascist influence had secured an increasing hold, and on to the Near East. Having temporarily won over France into collaborating with the Axis, Herr Hitler, after a hurried meeting with his Italian satellite, probably ordered the latter to deliver the first blow. Greece was not caught unawares and has, in fact, been anticipating such an attack for the past weeks, but it is the manner in which the conflict was forced on the Greek Government that will increase the disgust and revulsion against the tactics of the dictators amongst all free thinking people.

THE DEMANDS made by the Italian Government were couched in the usual terms which the aggressors have become accustomed to use

FIRE ABOARD SHIP

While making her way out of the harbour on a journey to Kwongchowwan yesterday, the s.s. Talposhek, flying the French flag, caught fire in Stanley Bay. A fireboat left Kowloon to go to the ship's assistance and it is understood the fire was early brought under control when naval vessels went to her aid. The Talposhek proceeded on her journey.

when they select a victim for their plans for expansion. Violent press campaigns inflamed Italian feelings against the alleged persecution of Albanians by the Greeks, frontier incidents were created and exaggerated and, to crown these underhand methods of aggravating the situation, ultimate demands were presented giving the Greek Government scarcely three hours in which either to accept them or meet the consequences of attack. And thus, with the Greek Government refusing to be coerced in this truculent manner, the two nations were plunged into war in the early hours of Monday morning. The hostilities in Europe have thus spread over yet another area and the efforts which those who have been making to prevent this have, for the time, been nullified by the Italian action. The resoluteness of the Greek Government to resist this aggression has gained her the sympathy of all those countries which are striving to rid the world of the menace of totalitarian aggression, and the consequences of this wanton act of unqualified brute force might yet turn, with equally dire results, on the offenders, who so readily abandon all principles of international law and justice to meet their own selfish ends.

BOUND by a promise to help the Greeks if they were made the victims of such an attack, the British Government has immediately responded to the Greek Government's appeal for assistance and have already taken steps to honour their pledge. What the plans are for rendering this assistance, from a military point of view, have not yet been disclosed, but it is obvious that it will be centred on naval and air operations against the Italians. The state of war which now exists between Italy and Greece will make all Greek air and naval bases immediately available to Britain and the British fleet in the Mediterranean, with its unchallenged supremacy in those waters, will present the Italians with their most serious problem in their attack on Greece. The Italian Navy, which has been content to indulge in hide-and-seek tactics in their encounters with the Royal Navy, will have to come into the open if they mean to oppose these naval operations and, judging from their previous encounters with the British, it is not likely that they are looking forward to trying conclusions with Britain's naval strength in the Mediterranean. The air bases which Britain holds at the two ends of these waters will also enable the Royal Air Force to harry the Italian land operations and Signor Mussolini will find it extremely difficult to make the quick conquest, which apparently Herr Hitler will expect him to achieve. From the point of view of British strength and resistance, therefore, the invasion of Greece will not affect Britain's position in the least and should provide a means

for settling the situation in the Mediterranean so as to render Italian activity there impotent for a considerable time.

British Industry Praised By Minister Of Labour

"WE CANNOT LET UP NOW"

"OUR INDUSTRY HAS CARRIED ON MARVELLOUSLY. WE KNOW WHAT THE NAZIS CAN PUT OUT AND WE MUST MEET IT," said Mr. Ernest Bevin, Minister for Labour, in a talk in London, on Monday night, on the working of the Ministry and the manner in which the workers of Britain were contributing to the British war effort.

COMPLETE VINDICATION

Mr. Bevin said that he took over the work of the Ministry when the clouds were very black. The amount of organisation necessary was very great and long hours of work had been undertaken in order to increase production. The manner in which these duties had been accepted had shown a complete vindication of democracy as opposed to the Nazi-driven race.

The manufacture of guns, aircraft, naval building and works for the defence of England had created confidence in the beaten countries. "We cannot let up now," said Mr. Bevin, "but must intensify our efforts. We must remember that Herr Hitler's plans for invasion are still not over and that the Germans may be ready to pounce on us at any moment. We must produce more aircraft and the Navy must have every ship they require."

"MUST MEET IT"

"Industry has carried on marvelously. We know what the Nazis can put out and we must meet it. Criticism is always good and helpful in times like these if it is constructive and we welcome such criticism."

Mr. Bevin paid a tribute to the way in which British industry was continuing during air raids and declared that steps would be taken to safeguard workers from broken glass, etc., and to keep them supplied with good canteens. "The question is not to wait, but to do it at once," said Mr. Bevin. "It is a good thing to give more than one meal during a single shift to our workers and more, still, if air raids interfere with their work. No meals keep off the cold and industry must co-operate with the Government and the medical services in order to nullify the possibility of epidemics."

In some cases, Mr. Bevin said, he had heard that workers had been stopped from working by the management. "He who does this is a friend of Herr Hitler and an enemy of democracy," declared Mr. Bevin.

CREAM OF INDUSTRY

The workers now represented the cream of Britain's industry and are always prepared to take greater responsibility in the task before them.

"We must not only work and produce, but we must help to work out the destinies of all nations," concluded Mr. Bevin, "in mentioning that there was a demand for a greater production of convoys in order to bring the necessary war materials to England for the defence of the country needed for its defence, failure of those essential which

POPPY DAY: SALE ON NOVEMBER 9

The Hongkong & China Branch of the British Legion announces that Street Sales of Poppies this year, in connexion with the Colony's contribution to the Poppy Day Fund, will be held on NOVEMBER 9, instead of November 11. This will afford the public a more convenient opportunity of contributing since Armistice Day is a holiday.

The following letter has been received from Capt. W. G. Wilcox, the Organising Secretary of Earl Haig's British Legion Appeal:—

I hope very sincerely that I may count once again on the sympathetic support of your Branch to this greatest of all efforts on behalf of those who have suffered, physically or economically, in their Country's Service.

We are looking to the future with great anxiety. For many years now it has been a real problem for my Council to make the income of our one-day Appeal, generous as it has been, serve to finance the Legion's many-sided work, day in and day out, for the whole of the year. But this most difficult problem has in most years been overcome by means of careful planning of our schemes of assistance, careful but sympathetic investigation of all claims, and above all by rigid economies in administration.

The new War, however, has necessarily changed our financial outlook. We have still to help the men of the Great War and their families. This is an obligation we must always honour. But in addition, we have undertaken to make all our schemes of assistance available to the men serving in this War when they too become Ex-Service men, and the time is rapidly approaching when the claims from this new category of Ex-Service men will assume serious proportions.

We have to keep in mind the fact that every man who serves in the present emergency is a potential Ex-Service man who may eventually need the help of the Legion. Nor must we forget when we are considering our future financial position, the decrease in the purchasing power of the Pound Sterling.

Thus it is clear that we must look forward in the near future to what may prove to be a doubled financial need, and our Poppy Day Appeal therefore becomes of greater importance than ever before.

We are only too well aware how generously our friends Overseas have supported the work of the British Legion on Poppy Day. We know too of the many additional calls which have been made on them in recent months by other well-known Appeals which are helping men who are actually serving. We feel certain, however, that the Members of the Hongkong and China Branch, and indeed all our friends in Hongkong and the surrounding districts, will appreciate the Nation's obligations to those men when the time comes that they too have lost the security of Service pay and allowances, and

as Ex-Service men have only the British Legion to which they can look for help in their time of need. We are most anxious to be prepared for the greater need, and hope, very earnestly, that our 1940 Poppy Day Appeal may be supported with an even greater measure of sympathy and generosity than in the past.

In view of the increasing burden that the present War is placing on the Poppy Day Fund, it is hoped that the Colony's contribution will be generous.

In the absence of any formal ceremony, at the Cenotaph this year, wreaths may be laid privately, and the public is advised that Flanders' poppies will be on sale through the British Legion if it is desired to lay poppy wreaths.

WHILE WE HAVE ROYAL NAVY NOTHING CAN STOP BRITISH VICTORY

"Control of the ocean is the most important factor of the war. As long as that is kept going, we shall win the war and, while we have the Royal Navy, nothing can stop it," said LIEUT.-COMDR. THOMAS WOODRUFF, when he spoke in London on Monday night in a review of the war at sea.

Commander Woodruff said that it would be wrong to conclude that the aerial attack on London was the most important chapter of the hostilities against Britain.

Two Hostile Groups

FRENCH W. INDIES SQUADRON

NEW YORK, Oct. 29 (Reuter).—The French West Indies squadron is divided into two hostile groups, one at Guadeloupe and the other at Martinique, according to the DAILY NEWS.

The training cruiser Jeanne D'Arc and the armed merchantmen at Guadeloupe have declared for Gen. de Gaulle while the French sailors and soldiers at Martinique are protesting against the absence of pay and other conditions.

A British cruiser is stated to be patrolling between the islands in order to prevent a clash between the factions.

R.N. WILL GIVE ALL HELP

Mr. A. V. Alexander, First Lord of the Admiralty, stated in London yesterday:

"We can assure our friends in Greece and America that so far as is in our power all the help that Royal Navy can give will be given and this has already begun."

MAGNIFICENT WORK

Reuter adds that describing the unprovoked ruthless assault on the Greek nation by Mussolini, as a repetition of the stab in the back to Britain, last June, Mr. Alexander said that the Navy had done magnificent work in the Mediterranean and the Red Sea in recent months.

He added, "Large numbers of enemy submarines have been sunk and destroyers and cruisers have also been sunk—but the greatest defeat has been the long rest periods of the Italian Fleet in their harbours."

Purge Of Anti-Petain Elements In Indo-China

WHAT VICHY HAS PROMISED—HITLER?

HANOI, Oct. 29 (Reuter).—Vice-Admiral Decoux, Governor-General of Indo-China, has decided to purge all anti-Petain elements in Indo-China, according to every available indication, states a semi-official Japanese report.

Vice-Admiral Decoux is believed to be eliminating Jewish and Anglo-American influences.

Anti-Petain elements, which had considerable influence when France capitulated to Germany, are estimated to comprise only thirty per cent. of the French Colony, in addition to some sections of the army which were opposed to Vice-Admiral Decoux.

(NOTE BY ED: This cable throws some light on the arrangements apparently made between Herr Hitler and the Petain Government. It will be interesting to know what the man-in-the-street in France will think of this Fascist Revolution from above, when he knows the real truth. British sympathies are all with the sufferings of the French people, but few can have any use for the Vichy traitors).

LAVAL APPOINTED FOREIGN MINISTER

VICHY, Oct. 29 (Reuter).—From Vichy comes news that M. Baudouin has resigned from the post of Foreign Minister, and he is now to be Minister of State, attached to the Presidency of the Council.

The post of Foreign Minister is being taken over by M. Laval, the Vice-Premier, who is also to control radio services.

NO FIFTH COLUMN IN GREECE

LONDON, Oct. 29 (Reuter).—Reports from Athens reaching the Greek Legation in London today state that there has not been the slightest trace of fifth column activity there.

Damage so far to military objectives as the result of the Italian air raids has been practically nil, while on the civilian population, the only effect has been to strengthen the determination to resist.

"Athens bears her usual aspect," says one telegram, adding that "all transport and public services are working normally. Numerous measures have been enforced to strengthen protection from air raids and to ensure the continuance of supplies for the city."

PATRAS BOMBED

ATHENS, Oct. 29 (Reuter).—A communique issued states that during the whole of Monday Italian forces in varying strengths continued to attack our troops who defended with determination. Fighting was limited to the frontier line.

Enemy aircraft attacked certain military objectives, causing no damage.

Bombs dropped on Patras claimed a number of civilian victims. Fifty persons were killed and 100 wounded when Italians bombed Patras.

The King has assumed supreme leadership of the army, navy and air forces.

In Belgrade the windows in the office of the Italian Tourist Agency were broken. A youth, allegedly responsible, was arrested.

HITLER-LEOPOLD TO MEET?

STOCKHOLM, Oct. 29 (Reuter).—Belief in Berlin that Herr Hitler may shortly meet King Leopold of the Belgians is reported by the Berlin correspondent of the Stockholm Tidningen.

The message adds that neither confirmation nor denial is obtainable.

Enemy Air Activity Spread Over Many Areas

LONDON, Oct. 29 (Reuter).—One enemy bomber was destroyed during last night. It is officially announced.

Enemy activity was spread over a number of districts but attacks were again mainly directed against the London area and the Midlands.

The attacks, says a Air Ministry report, commenced soon after dark and diminished in intensity by midnight but continued until the early hours of this morning.

In the London area damage was done to shops, houses, and other buildings, and a few fires were started but these were quickly extinguished or brought under control.

Reports show that there were a number of casualties, some people being killed.

INCENDIARY BOMBS

A large number of incendiary bombs were dropped in a Midland town, causing many fires. These were mostly in shops and in every case were soon extinguished or brought under control. The number of casualties was not large.

Elsewhere, enemy activity was chiefly in the south-east and north-east.

Little damage was done in these areas, as well as in other districts where bombs were dropped, and casualties were few.

SUCCESSFUL RAIDS

British bombers raided areas in Germany and in enemy occupied territory.

The Air Ministry this morning announced that the R.A.F. made successful attacks on military objectives in Germany as well as on ports and aerodromes in enemy occupied territory.

ATTACK ON KIEL

LONDON, Oct. 29 (BWS).—An Air Ministry communique issued at 1.45 p.m. states: "German shipyards were the main objectives of our bomber forces last night."

Nazis May Seek Right To Pass Through Bulgaria

SOFIA, Oct. 29 (Reuter).—Turkish participation in the Italo-Greek conflict might lead to German demands for the right to pass, through Bulgaria, according to some circles here, but it is felt that such participation is not likely at present.

Reports continue to arrive from Bucharest concerning Axis activities.

Six thousand German troops arrived at Rumania during the week-end, and it is believed that they are moving towards Moldavia.

MILITARY ROAD

Italian engineers have arrived in preparation for the construction of a 310-mile military road from Galatz to Turnuseverin where it will connect with a similar road from Yugoslavia.

German troop transport trains collided between Brasov and Ploesti, resulting in five killed and 45 injured.

TURKEY'S PART

ISTANBUL, Oct. 29 (Reuter).—Turkey's part in the Italo-Greek war will be the subject of Anglo-Turkish discussions.

In accordance with the treaty, the Turks have no obligation to assist Greece, but it is understood that the Greeks expect Turkish aid if Bulgaria moves—hence it is of prime importance that Turkey should maintain a strong position in Thrace.

The Greeks do not require land reinforcements but need naval air assistance which will be difficult for Turkey to supply.

Obligations Of Japan Examined

TOKYO, Oct. 29 (Reuter).—It is authoritatively believed that Japan will not take immediate action in the Italo-Greek war though the Cabinet is examining Japan's obligations under the Tri-Partite Pact at the regular meeting today.

Greece's involvement in the war was entirely unexpected here and it is generally predicted that Japan will first consult her Axis partners on the extent of her obligations and the practical value of their fulfilment.

The newspaper Meiji Nichi Shimbun, however, sees difficulties if Turkey comes in and notes that possible Soviet action is to be reckoned with.

ACTION DEFERRED

The Japanese Cabinet at their regular meeting today decided to defer the action over the Italo-Greek war pending further developments, declares the NICHU NICHU SHIMBUN.

However, nothing official either way has yet been announced.

"Under the provisions of the Three-Power Pact, Japan is bound to give assistance to Italy who is now attacked by a third Power, namely Greece," declares the YOMIURI SHIMBUN, which adds, "It would be proper, however, for Japan to take action only if Italy invokes Article Three of the Pact."

Jap. Forces Evacuating Nanning City

CANTON, Oct. 29 (Reuter).—A semi-official Japanese report states that Lt.-Gen. Utsuro, Commander-in-Chief of the Japanese Expeditionary Force in South China, announced today that the Japanese forces are evacuating Nanning "on their own initiative" as further occupation of city is meaningless following the entry of Japanese troops into Indo-China.

Nanning, a strategic city in Kwangsi, has been occupied by the Japanese since November 24, 1939.

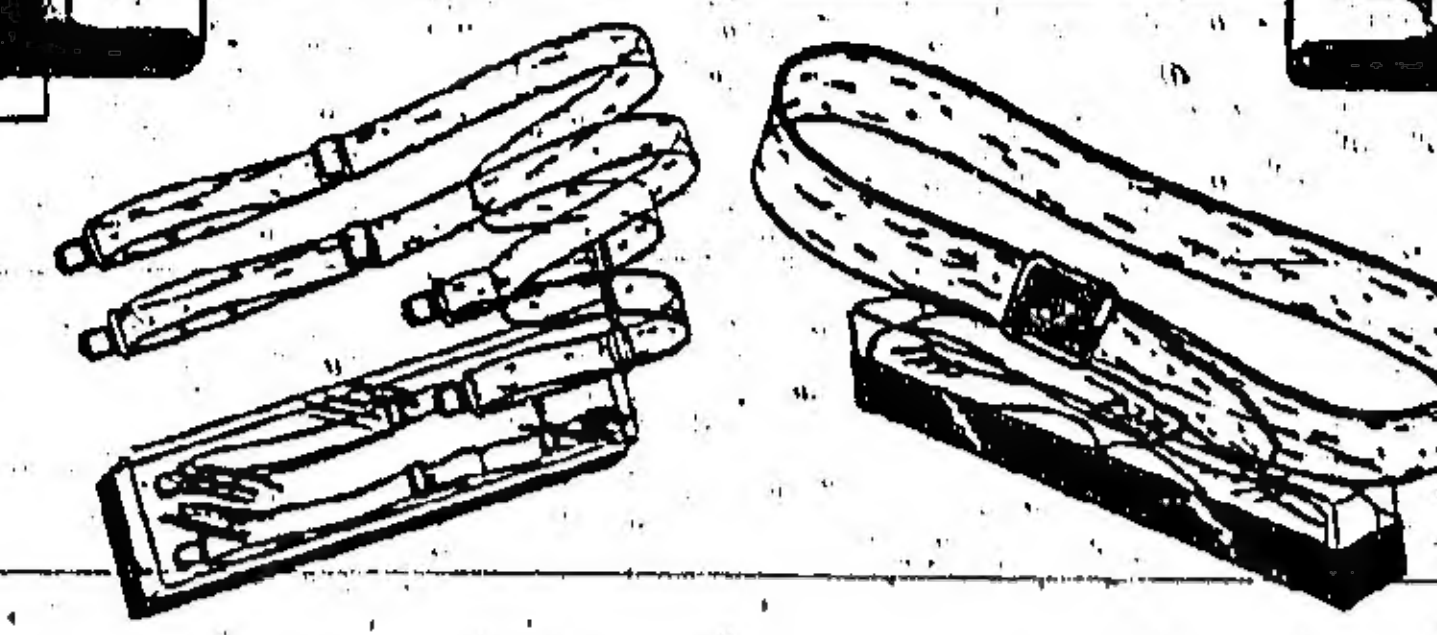

Heavy and successful attacks were made on Kiel, Wilhelmshaven, Bremen, Hamburg, Emden and Cuxhaven.

"Shipping in the Boulogne harbour was also attacked. Fires were started in oil plants at Hamburg, Cologne and Hamburg. Other strong forces of our aircraft bombed railway centres at Krefeld, Cologne, Coblenz and Mannheim and 19 aerodromes in Germany and occupied territory and numerous anti-aircraft batteries. "One of our aircraft is missing."

JARDINE

STEAMER RELEASED

CHUNGKING, Oct. 29 (Central)—The Jardine steamer Mingsang which was halted and boarded for inspection by Japanese marines safely arrived in Shanghai on Sunday, according to a Shanghai dispatch.

The incident occurred at 8 p.m. on October 26 at a point about 500 miles from Shanghai. A Japanese destroyer fired a shot across the bows of the vessel to stop it. A party of Japanese bluejackets boarded it. They disabled the radio and searched and questioned the passengers, threatening them with their revolvers.

The inspection lasted about an hour, after which the Japanese disembarked and the Mingsang continued its voyage to Shanghai.

SOVIET ENVOY ENTERTAINED

CHUNGKING, Oct. 29 (Central)—Dr. Wang Chung-hui, Minister of Foreign Affairs, gave a dinner party in honour of M. Alexandre Semenovitch Pansouchkine, Soviet Ambassador to China, and other Soviet officials in Chungking yesterday evening.

Among high Chinese officials invited were Dr. Sun Fo, President of the Executive Yuan and General Feng Yu-shiang, Vice-Chairman of the National Military Council.

General Ugot, Governor-General of French establishments in the Pacific;

General Sice, of the Army Medical Corps in Africa;

Professor Rene Cassin, former President of the Ex-Servicemen's Association;

Reverend Father Thierry Argenalieu;

Colonel Le Clere, Commissioner of the French Cameroons.

KING INSPECTS A.A. BATTERY

LONDON, Oct. 29 (British Wireless).—The King yesterday morning visited one of the A.A. batteries which will defend a south-east England district.

His Majesty inspected the guns and instrument and talked with the crew who showed him their living quarters.

MORE DONATIONS FOR AEROPLANES

LONDON, Oct. 29 (British Wireless).—The Minister for Aircraft Production, Lord Beaverbrook, acknowledged yesterday the gift of £6,000 from Richmond, Surrey, to the Spitfire Fund (the plane to be called "Jubilee") and the further contribution of £10,000 from British communities in China.

EMPRESS OF BRITAIN

Gun Crews Fought To The End: Passengers Also Strafed By Raider

LONDON, Oct. 29 (Reuter).—Survivors from the Empress of Britain landed at a western port on Sunday. They declared that the 42,500-ton liner was bombed 700 miles off Ireland on Saturday morning.

The attacking aircraft then disappeared but returned and dropped four more bombs, including incendiaries.

A number of people were killed when the bombs exploded and some of the ship's lifeboats caught fire and could not be lowered. But as there was little danger of the ship sinking immediately, there was plenty of time for the passengers to take to the lifeboats before the liner was completely ablaze from stern to stern.

The last people were taken off some six hours after the attack.

NO PANIC

In the meantime there was no panic, a number of women and children calmly obeying instructions to remain until the time to leave.

The youngest passenger was a baby boy of 11 months who was strapped to a sailor's back.

Captain Charles Sapsworth, the commander, stood on the bridge encouraging his gunners as they battled with the raider until all were killed or wounded and the guns were out of action.

Captain Sapsworth is believed to be among the survivors.

The crew made rafts out of cabin doors in case the boats proved insufficient.

PASSENGERS STRAFED

A member of the crew declared that the raider machine-gunned the passengers after the ship's anti-aircraft guns were out of action. He praised the women stewards who, he said, behaved marvellously.

An R.A.F. man repaired the damaged engine of a lifeboat and this was used to tug heavy lifeboats from place to place picking up survivors, while a naval officer aboard the liner led a party of men through flames and smoke to lower a lifeboat which saved many lives.

A British flying boat spotted the blazing liner and brought warships to the rescue.

TRAVELLERS SEEK TO GO BY BURMA ROUTE

While Shanghai goods are being rushed to the Chungking-controlled interior through the newly reopened Burma route there are apparently also many people who want to travel by the same route since the Passport Visa Bureau of the Ministry of Foreign Affairs of Chungking in Hongkong has notified Shanghai people of necessary regulations to be carried out to guarantee an uneventful trip.

GUIDANCE

The Hongkong's bureau's announcement was given prominence in all leading Chinese dailies in Shanghai on Oct. 22, urging those who want to travel to the interior to ask for guidance in the Hongkong bureau. Shanghai people wishing to obtain passports in Rangoon are asked to make inquiries with the China Travel Service and then obtain the necessary documents from the Ministry's office in Hongkong.

Shanghai travellers are particularly warned against carrying Bank of England notes with them while travelling to and in Burma, where a traveller is allowed to carry only £10 in such notes. Those who carry more such notes than officially allowed may be subjected to confiscation. The reports reveal that excepting notes carried by travellers from India, no other travellers are allowed to carry more than £10 in such notes, importation of which into England has been forbidden.

WINTER GARMENTS DRIVE IN HONAN SUCCESSFUL

Up to the present, nearly 20,000 cotton-padded jackets and a total sum of \$175,900 have been solicited. Workers engaged in various trades in Loyang have voluntarily contributed \$375.

The Provincial Authorities have issued an order of commendation to the sponsors of the campaign for the good results achieved.

STILL NO CLEAR DETAILS

Continued From Page 1.

Prime Minister, have created great confidence.

Although the Greek Navy is small it is considered in London to be a useful addition to the Allied Naval forces in the Mediterranean. It consists of 14 destroyers two of which were recently built in Britain, nine torpedo boats and six submarines, while many of the Greek naval officers have received their training in Britain.

In a speech in New York yesterday, President Roosevelt referred to the Italian invasion of Greece.

FEEL SORROW

He said, "I am sure you will all feel the sorrow in you hearts that I feel for the Italian and the Greek people that they should be involved together in conflict. This day has been an anxious one because of the outbreak of another war."

Mr. Cordell Hull, said that America was prepared to take any steps that might become necessary in view of the spread of the war to the Balkans.

United States expressed disgust at the Italian invasion.

The NEW YORK TIMES says that this unprovoked assault was launched on even flimsier grounds.

In London, THE TIMES says that the Italian action followed the usual style of the dictators—threats, lies, ultimatums, invasion. The paper describes the attack as "a monstrous and contemptible action, though not unexpected."

The Times praises the behaviour of the Greeks and says that Britain will honour to the full the pledge she has given. The British duty is clear, "the paper goes on. She will have to defend her position in the Mediterranean."

The NEWS-CHRONICLE emphasises that the war is entering into another great phase which will be as crucial as the battle of France which was lost to us and the battle of Britain which so far we have won, says Reuter.

We have since worked hard to consolidate our forces. On this tremendous new battlefield the curtain now rises.

It was announced in Istanbul yesterday that no request for Turkish aid had been received from Greece.

POLICY OF ACTION

British Wireless adds that the DAILY TELEGRAPH writes: "Our own part is clear. We must have a policy of action. The infamous assault on Greece was planned to give fresh bases for the hitherto unsuccessful endeavour to break our hold on the Eastern Mediterranean. Mussolini has committed himself to a very dangerous adventure. The Italian Fleet must now at last put to sea if it is to achieve anything."

"Whether it does or not our Navy and Air Force will henceforth have bases in Greece and in islands of the Aegean front where many of the most vulnerable targets in Italy can be effectively bombed. The tortoise of Mussolini's armament has put its head out of its shell at last. We must aim to make it pay the penalty."

RUSSIAN ATTITUDE

LONDON, Oct. 29 (Reuter)—There is no information in London as to the attitude of Germany and Russia.

There is no truth in the reports that British forces have landed in Crete, Salonika and Thessalonika.

Reuter is officially informed that His Majesty's Government is giving Greece military aid in the widest sense of the term, though at the present stage it is impossible to describe the steps.

COMMUNICATIONS SEVERED

LONDON, Oct. 29 (Reuter)—Reuter's Sofia correspondent says that communications between Greece and Bulgaria have been severed since early yesterday morning.

Greek's resistance to the Italian demands has surprised official Bulgarian quarters and Turkey's reactions to the invasion are eagerly awaited in Sofia.

Meanwhile, an unconfirmed report states that the Italians have captured Knostur in Macedonia.

Nazis Take Precautions In Rumania

LONDON, Oct. 29 (Reuter)—It is reliably learned that German mechanised mobile units are feverishly establishing anti-aircraft defences at Giurgiu, which is a vital oil pipeline head, and which is now completely blacked out at night.

Black-out

Continued From Page 1

with an Army officer as passenger, was travelling slowly along King's Road in an easterly direction.

When nearing the North Point Refugee Camp, two women, believed to be inmates, were said to have dashed across the front of the car.

The victims were Ho Mei-iei, who sustained injuries to her back, and Tsang Pui-ching, who received slight abrasion. Both were taken to the Queen Mary Hospital.

KOWLOON PERFECT

Except for the early evening, when wardens and Police officers visited a number of homes to inform householders that the exercise had commenced after sundown, Kowloon last night enjoyed its most perfect black-out. There were not so many people in the streets as on previous black-outs and there were appreciably fewer cigarette-smokers and flashlight-carriers about.

In the early evening, there appeared to be some misunderstanding as at the hour of commencement of the exercises lights were on in a number of houses up to as late as 8.30 p.m.

Motor buses crawled along keeping up regular services as did the single ferry that plied the harbour with a fair number of passengers.

Taxis and private cars travelled somewhat faster and, in the opinion of some, rather too fast. There were a number of near accidents.

Hongkong looked very well blacked-out from the mainland the only lights in the harbour being on vessels with official status.
